C.G.I.T. Hold Annual Mother and Daughter

The Annual Mother and Daughter Banquet, arranged by the C.G.I.T., proved a very interesting and enjoyable function.

Places were laid for eighty and there were no vacant chairs.

The unique centrepiece at the head table, arranged by Miss Blair's group, was the subject of much complimentary comment. This was a miniature lake with a tepee tent tatted with numerous C.G.I.T. symbols and sitting at the tent (door) flap were two campers in C.G.I.T. uniform. The hall and tables were decorated with the group colors, white and blue, and a delicious dinner was well served by the girls.

Donna Mackie as President of the Senior group was a pleasing chairman.

Community Singing was led by Mrs. Polley, leader of the recently organized Hi-Y. Mrs. Polley explained that these girls will be leaving for a weekend at Banff for the purpose of a singing tour, and that accommodation and transportation is already arranged, about twelve girls with their leader are looking forward to a happy outing.

Toasts and responses were made by Jeannine Gannon and Mrs. Tew to the Mothers and The Church by Violet Luger and Mrs. Sauter.

Announcements for their special groups were made by Virginia Hower, Dolna Anderson and Vera Mae Gannon.

An amusing skit by the senior group, two contests by Mrs. Greys group, and a Quiz by Miss Blair's group provided an amusing and interesting program followed by a very lovely film in color depicting the students at work and play in the Banff School of Fine Arts. This was a most interesting film enjoyed by all. Mr. Jack Crellin kindly manipulated the projector for the effective Candle Lighting ceremony and "taps" concluded a very enjoyable evening.

The training of the C. G. I. T. girls over a period of years is developing to a marked extent, and helps fit them for larger tasks in future work.

Sobart

Mr. and Mrs. Henderson of Lettbridge, Mr. and Mrs. Bert James of Black Diamond were visitors of Mr. and Mrs. W. Cook, over the holiday weekend.

Jack Hewitson arrived home from the hospital and is feeling fine again.

Misses Leona and Jean McBeate spent the holiday with their parents Mr. and Mrs. George McBeate. Mrs. George McBeate and Leona attended the Eastern Star institution of the Sacred Blue chapter at Strathmore Friday night.

Mr. Emmons and Miss Jean Emmons were visitors of Mr. and Mrs. F. Wright over the weekend.

Pioneer Relates Indian Basis Behind Name of Hammerhill

All interesting anecdote was related to the Boy Scouts of Strathmore while camping near the river at Carlsland over the weekend, by Mr. Wyndham, one of the early pioneers in this area. It concerns the naming of Hammerhill, which Mr. Wyndham was curious over.

He asked three Indians the origin of the name, he relates, before being satisfied. The first Indian seemed not to know, and tended to shrug him off. The second mut-

John Spiros, Popular Innkeeper Sells Interest, Moves From Town

John Spiros has sold his interest in the King Edward Hotel to Mr. John Vermont, and plans to leave Strathmore for some time according to definite word over the weekend. Rumours had it for some days that "John" was on the move, but it not known for sure.

Mr. Spiros is one of the long-time residents of Strathmore, coming to town first in 1925. He worked under Frank Miller at the hotel for some years, taking it over when Mr. Miller moved to Coronation. After the crash in 1929, he moved to Calgary for four years, then returned to the King Edward Hotel in 1933. He has managed it since that time.

Mr. Spiros plans to take a trip to West Virginia, where he has relatives then to return to the west coast of the United States, and visit other relatives. After that, his plans are somewhat indefinite. He has a brother at Port Alberni, B.C., but is rather sick, and may spend some time with him in the restaurant business, but John feels that he cannot stay away from Alberta for very long.

Mr. Vermont, the new manager, is well known about Strathmore, having worked here in the hotel for many years prior to and early in the war. At that time he bought a hotel of his own, which interest he disposed of some months ago. He will be welcomed back to Strathmore by many old friends.

Cluny Notes

By Mrs. G.W.B.

Miss Cassie Herman, who has been attending Olds College, is to be congratulated on receiving the prize for the richest marks in her sewing class.

An unique happening for this small community was three birthday celebrations on May 15th. These were Mrs. Wm. Summerville, Mrs. V. DeHayes and Mrs. Oscar Sauter, who celebrated his 80th birthday.

The W. L. bridge club had a very successful pot luck supper Thursday, May 20th, twenty-one members sat down to supper at seven. The menu couldn't have been more varied had it been planned. There was everything from fruit cocktail to several kinds of dessert. After supper five tables of bridge were played. Mrs. Beattie had high score for the night and Mrs. Gerard Bowden was high for the year. As well as being a good source of revenue there have been many pleasant evenings playing bridge.

Mrs. E. Nelson and Allan who started on a motor trip to Montreal last Tuesday, report good roads and a pleasant trip as far as Winnipeg.

tered something about "buckshot", but was not particularly coherent. Finally, Mr. Wyndham says, he came across a very old Indian, and asked him the derivation of the name. The Indian thought for quite a long time, then brightened. "The name comes from the Indian 'buckshot'", he explained, "which means a small stone-headed hammer. This was used by the women to pound the dried buffalo meat into small bits for pemican."

Hence the name Hammerhill.

Scouts Camp at River Overnight

Eight members of the Strathmore Scout Troop camped at the Bow River over the holiday weekend, under Scoutmaster Chuck MacLean. The boys left Saturday, and did not return until Monday afternoon, spending the intervening time enjoying the country just east of Wyndham Park, in the neighbourhood of the fairly well known spring.

The boys took a tent along "just in case," but some found no need of it at all. Goodies were done either individually, or in two small groups, and the boys learned quite a bit, in some instances, about the intricacies of a hot fire or a slow fire. Not the least source of amazement was the astonishing way in which rice grows out of all proportion to the amount used.

In addition to cooking and eating, the boys spent time in signalling, map-reading, first-aid, pioneering and of course, in games.

A feature of the camp were two visits by one of the pioneer Wyndham family, who came west in 1887. He had many tales to tell the boys, and passed on many helpful hints during his visits.

The boys were driven out to the camp by Rev. D. A. Ford, and Dr. Giffen and R. J. Milligan.

Mrs. A. Garriott Heads Crowfoot Club

by A. T.

The first meeting of the Ladies Goodwill Club was held May 19, at the home of Mrs. Gladys Morgan, with sixteen members present.

The election of officers took place, these being: President, Mrs. A. Garriott; Vice-president, Mrs. Anne Teilde, and Sec. Treasurer, Mrs. V. Ramsey.

A vote of thanks was extended to the outgoing officers for their commendable work of the past year.

Miss Greta Nilsson, who is visiting her parents, Mr. and Mrs. N. Nilsson, was a guest.

The next meeting will be held June 2nd, at the home of Mrs. Celia Rasmussen.

At the close of the meeting, a delightful lunch was served by the hostess, assisted by Mrs. Paul Morgan.

Mrs. Fred Schuman returned Saturday from Champton, after visiting with her daughter, Mrs. Ted Ericson, who has been ill.

Mr. and Mrs. Fred Harvey and family of Red Deer were weekend guests of Mr. and Mrs. Chas. Harvey.

Mrs. L. Julian and Bill motored to Edmonton for the convocation Exercises, where Bill received his Degree in Agriculture.

Mr. and Mrs. George Brake of Turner Valley and Mrs. Don Haywood of Montebello were dinner guests at the home of Mrs. Gladys Morgan and Hugh Berry, on Friday evening.

Mrs. Mary Ruppe, Mrs. Gladys Morgan and Hugh Berry were Sunday visitors at the home of Mr. and Mrs. J. G. Porteous.

Mrs. Gladys Morgan and Mrs. Pat Morgan and Baby Jennifer were visitors to Calgary, Friday.

There is a good market for used articles.

Namaka Friendship Club Celebrates First Birthday

The Namaka Friendship Club held their first birthday party on Friday night, May 14, in the Community Hall. Places were set for the members and their families, with the honoured guests, comprising Mrs. Edith Thomson, Mrs. Florence Wheeler, Mrs. Ruth Watson, Mrs. Irene Hall, Mrs. Hazel Peterson and Mrs. Charlotte Peterson, seated at the head table. Mrs. Irene Sauten was also a guest, but was unable to attend. The tables were decorated with pussy willows and crocuses, and a casserole supper was served. A birthday cake was made for the guests, and gifts were presented to them from the members who had drawn their names. Everyone joined in singing "Happy Birthday."

Following supper a few stunts were prepared by the entertainment committee, with everyone participating. Chocolate-covered faces, bruised bones, grapefruit splattered faces, and unlady-like moves were the highlights of the evening. Everyone will agree, however, that the outsize carriers brought the biggest laughs. Congratulations, you four, that should be done again sometime. Mrs. Florence Wheeler, on behalf of the ladies, thanked the members with a few well chosen words.

Mrs. L. Aitken, Mrs. W. Fawkes Sr., and Mrs. M. Watts were the lunch committee. Mrs. Bobby Biggar, Mrs. Earle Baker and Leon McBeate supplied the entertainment.

The Namaka W. A. met at Mrs. H. Newell's home on May 15th with a very good attendance. Mrs. Watts led the devotional period. The remainder of the meeting took the form of a discussion on modern home building. The hostess then served a dainty lunch. The next meeting will be held at Mrs. J. Sauten's home.

Mrs. Leona McBeate spent the weekend at her home in Stobart.

The members of the Namaka Community Church held a shower at the home of Mrs. R. M. Morgan on Monday evening in honor of Mrs. Poth and family who have recently arrived from overseas. She was the recipient of many useful gifts from her new neighbors.

Mr. and Mrs. Hutchison and Ruth Sammons were Sunday visitors on Mr. and Mrs. A. Thomson.

Hussar Citizens Form Group to Promote Local Sporting Events

On Monday evening, the athletic-minded people of Hussar gathered to form a union to prepare for the sports for the summer. The following executive was elected: President—Shorty Janz; Secretary—W. E. Gabert; Treasurer—E. G. Seelye. This executive is to supervise all the activities, assisted by the following committees: Past ball—Mr. E. F. Blake; Dance—Messrs. G. Jutra and J. Chilton; Booth—Mrs. H. L. Moulton; Track—Messrs. G. H. Knutechuk, McLean and Mrs. D. Brown; Games—Mr. E. Lind; Horse shows—Mr. C. P. English; Pony races—Don Brown and A. Law; Gate—T. Burdett, Hans Bucksmeider; Parade—Students' Union; Police—P. R. Larsen.

They also decided upon the kind and value of the prizes. Mr. E. F. Blake is co-chairman of the committee for the dance lunches.

They also planned what promises to be one of the biggest events of the year for the Village of Hussar

H & S Meeting

Monday May 31, an interesting meeting of the H. and S. Association will be held in the Memorial Hall Dining Room commencing at 8:00 p.m.

The programme will include Folk Dancing by pupils of Miss Skjote's room, delegate's report of the Olds Convention and a panel discussion on Academic vs. Vocational Education. Speakers will be Father Gibbons and Jerome Hansen for the Academic side and Mr. Munroe MacLeod and Mr. Perry, Vice Principal of Western Canada High School, for the Vocational side.

NO TRACTORS TO RUSSIA

The United States has cut off the export of farm tractors to Soviet Russia, based on information received that the Russians were using their plants to produce tanks and purchasing their tractor requirements from the United States.

Lovell Goldsmith

The home of Mrs. Francis Walters of Guelph was the scene of a quiet late afternoon wedding on May 19, when her niece, Catherine Albert, was married to the son of her daughter of Mrs. L. Goldsmith of Cluny, became the bride of Joseph Russell Lovell of Noranda, Quebec. The bride wore a dress of light blue crepe and her bridesmaid, Frances Walter cousin of bride, wore a dress of rose crepe.

The best man was Robert Goldsmith of Cluny, brother of bride. Rev. W. E. Sieber officiated.

Later a delightful supper was served by the hostess.

The bridal couple left with room wishes and confetti from friends and relatives to motor via Prince Albert, Sask., where they will visit the groom's relatives and to Noranda, Quebec, where they will reside.

A very successful home cooking sale was sponsored by the Ladies Auxiliary of the United Church on Saturday in the show room of the central Motors.

Hussar Citizens Form Group to Promote Local Sporting Events

and surrounding districts. The affair is to take the form of a Sports and Track Day to be held on Friday, June 18th. Events will include a Parade by the schools, Track Meet, Football, Pony Races, Novelty Races, Horshoes, Tag-Of-War and Midway attractions. Track affair will close with a grand dance to be held in Hussar's newly renovated hall.

The Hussar Students' Union has put up with a lot of challenges in the Track Events. This cup will be held for a year by the room or school that obtains the highest aggregate score for the day. Schools expected to compete include Hussar, Chancellor, Ferryvale, Sled Lake, Two Bar, Rabbit Lake, Indian Springs and Montebello.

The proceeds of the day are to be used in promoting sports in the community after a central sports council has been formed.

The sports day executive consists of: Mr. R. Janz, President; Mr. E. Seelye, Treas.; and Mr. E. W. Gabert Secretary.

EDITORIAL COMMENT

The Strathmore Standard, established in 1909, a member of the Canadian Weekly Newspapers Association is published Thursdays at the Standard office, Strathmore, by Charles A. MacLean, Editor and Publisher. Subscription price, \$2.50 per year in Canada; \$3.00 per year outside Canada.

Member of the Audit Bureau of Circulations. Authorized as second class mail, Post Office Department, Ottawa.

P. M. SAUNDER...CITIZEN

Announcement has been made this week of the award of the Engineering Institute of Canada to P. M. Sauder of Strathmore of the Julian C. Smith medal "for achievement in the development of Canada".

Congratulations are due Mr. Sauder for this signal recognition of his work, but more than congratulation is due also. A certain appreciation of his contribution would not be out of order. Engineers as a group are often considered to be rather prosaic... mechanical minds dealing with mechanical facts and figures. And water is not usually felt to be a particularly glamorous substance. So it is all the more noteworthy when the Institute singles out Mr. Sauder's work for acclaim.

The majority of us seem never to find, or to make, the opportunity to advance our own community, be it even as small as Strathmore. Mr. Sauder's contribution, then, to the development of this whole country may possibly be seen by comparison.

§ §

WE FORGET Milneapolis Star

Have our highways become by common conspiracy a place where we forget our common courtesies and thoughtfulness of others?

The golden rule of doing unto others as you'd have others do unto you is as applicable to your driving as to anything else.

§ §

MORE LEGUMES NEEDED (Leithbridge Herald)

Granting all that is said about the strong soil which, with rain at the right time, will raise those 35 and 40 bushel wheat crops in the western plains country, the fact is that we are wearing out our wheat land and we have not yet found a practicable method of rebuilding it. We have learned through the year that, over a lot of the drier areas where wheat is the main crop and always will be, commercial fertilizer does not restore the tilth and fertility to the land which is needed to keep the land from wearing out.

The fact is that we have not yet found a way to use crop rotations to good purpose in the drier wheat land areas. In the first place these areas do not lend themselves to livestock owing to shortage of water and the difficulty in growing a dependable supply of forage. In the second place the market for live-

stock is such that its production on a wheat-livestock farm is not generally good business. Heavy losses on livestock in drouth years is the record for such areas.

What is needed is a type of legume crop which will put nitrogen and pep into the soil, set up water-holding capacity, and yet cheap enough that the wheat producer can plow it down or cut it and let it lie on the ground to rot and produce fertility, and without losing the sequence of his cropping program. Perhaps sweet clover would do it. Maybe the new ladino clover which is a new favorite in parts of the United States is what we need. It might be some adaption of lespedeza that will fill the bill. But we need something which will not upset the usual summer-fallow-wheat rotation and yet will help maintain soil fertility and at the same time will help solve the drifting problem.

§ §

WHAT'S AHEAD FOR BUSINESS

Seeking opinions on the outlook for business, Kenneth R. Wilson writes from Washington with rather heartening news. A few weeks ago, says Mr. Wilson, the feeling was pretty general that things were definitely slowing down; the inflationary spiral had begun to level off.

He goes on to say: "Then came a series of world-shaking events telescoped into a few brief weeks: the Red coup in Czechoslovakia; the grim possibility Italy might go Communist; Congress approval of ERP; the accelerated United States defence program.

Now what's the score? What effect, if any, will these epochal events have on the U.S. and Canada? What's the outlook? Last week here in the U.S. capital a group of experts gathered to offer their opinions.

With an eye to the close inter-relationship of business conditions in Canada and the United States, this observer brought away the following impressions from the two-and-a-half hour symposium.

1. Business is likely to continue at its high clip for the balance of 1948, with inflationary and deflationary influences about cancelling out, to create an approximate though uneasy "balance."
2. The major influence on the national economy continues to be the Kremlin, with the next six months the critical period for a decision as to war or peace.
3. The new U.S. defence program and ERP expenditures were rated the major offsetting influences to counter a natural sagging in the post-war inflationary cycle.
4. The obligation of the Treasury to maintain a 2½% "floor" under long-term bonds, was considered a major difficulty in letting normal credit influences serve as a brake on inflationary trends.
5. Great emphasis is placed on the capital goods industries as the ones to watch for evidence of changing business trends. Specifically: machine tool orders, price of steel scrap, capital goods expenditures — in preference to ebb and flow of consumer industry spending and indices.

In Others' Words

Let's Secede

Every so often someone shouts off his mouth, either over the coffee cups, or at a meeting, or in Parliament about the western provinces seceding from the East. By all means let's secede. It's the only way to find out how uncomfortable it would be.

The merchants in Nanton ought to secede from the country side around and form an independent economy of their own.

Are we joining? Well, more or less. They would have a hard time selling their products to one another in any quantity. The western provinces sell their raw products to the eastern provinces for processing. Independence would weaken them economically and be a geographical disadvantage also. Eastern Canada is a constant factor in the marketing of prairie products. There is no danger of tariff barriers being set up against

these products but there is a definite possibility of tariff barriers being raised against western Canadian goods by United States, the most ready market, after the eastern provinces. Other countries are also quite likely to raise more tariff barriers as time goes on.

By all means let's secede. Newspapers should secede from their subscribers, for instance. The farmer should be independent of the machine shop and the butcher. The rancher ought to say "To heck with the packing plants, I'll butcher or beef myself."

The South said those things, in essence, when the Civil War in United States began, and lost because of economic reasons. It lost because it was right or wrong in the because it had no cotton mills or steel manufacturing plants, not be made of the war.

—Nanton News.

Green Grow the Rushes - Ho

All spring we have waited in patience and in hope for this day, when the first haze of indistinct green should color the hillsides and the far off places with the promise of lush warm days of summer fulfillment.

All spring it has been cold and dull and dry. The creeks have run full to overflowing with scarcely a half day of sun to bring out the rich red and brown and hazy which hid hidden in their stony beds, for the astute to recognize and the lucky to see, in all their parents to come down and see if they were not the beginning of better days and soft warm nights; and the drying roads gave no hint of the rusty dusty thoroughfares they might become inside if a month.

Early or late they always come, these first days of spring that are a little short and crooked. For there is no greater miracle in the books of the wise or the testimonies of the faithful than the miracle of birth — the birth of a child, the birth of a Saviour — all new and fresh and clear and ours for the acceptance. Green this is the hills in this day of a new season of opportunity.

—Elora Express.

Is There Any Good News?

One hears it said occasionally these days that if it weren't for the weekly newspaper news-conscious people would be apt to go into a tale of despair. It is claimed that the little home-town weekly seems to move along on even keel, content to record good things that are happening and the country progress which indicates faith that there may still be a future for mankind. It contrasts: it is said the current Saturday Evening Post, it says: "There hasn't been a piece of unmitigated good news since the Japanese surrender. I know it is not news when planes land right side up or schedule, or when grass is lush and shade is cool. If it is news at all in these anxious days, eight to one it's bad news. But what I would have to read, and I bet there are thousands like me is the dullest paper put out since the dog days of 1918. It'd like sentimentally dull items, which after all are characteristic even of 1948. Like this story about Mrs. Warren Nance, whose home at 137 North Wiener St. was not struck by lightning nor destroyed by a firebug, nor by a bomb, but, went to a movie last night. When they returned home at 10:45, without having played a part in any collisions, they found a man in their kitchen."

"Hello Frank" said Mr. Nance. The visitor was Mrs. Nance's brother, just dropped over, said Frank "with a few books I thought you might like. While I was here I thought I'd make some coffee." The three children of Mr. and Mrs. Nance were asleep upstairs and why not. Nothing happened to anybody.

Bulletins such as this, says the writer, are alike in one thing: There is absolutely no trace of news in them. They wouldn't make the inside pages of an Ekimmo weekly in the depth of the long night. "And that is exactly the kind of life I'd like to see every day with no news at all and all of it good."

"What I'd relish for instance is an item about how a car containing two men and two women, came to a safe stop before a drugstore (not smashing into a crowded safety island, nor hurtling fifty feet from a brick into a busy freight yard). And all four occupants of the car, sustained a chocolate soda instead of fatal injuries. Or I'd like a story of fourteen beautiful children, the eldest of whom was eight, who got into a school bus, went up to the mountains, had an excellent picnic lunch, and just at the time they were due home they got home, safe and happy."

Reading the current news nowadays is getting me down. Reading intentional news is like waiting for the doctor to say whether you have a few more or six minutes. And the national news is just one sustained croak of alarms, calamity, tragedy, disaster and six-way automobile accidents.

Passing of Mrs. Janie Lyons

The Community was shocked Wednesday evening when the word became known that Mrs. Janie Lyons had passed away, following a second operation in the Holy Cross Wednesday, May 26. Mrs. Lyons had undergone treatment for about six weeks in hospital, and hopes had been entertained of her recovery, and the news of her death came as a great shock to her family and friends.

Mrs. Janie Grimshaw (Lyons) was a member of a pioneer family of Strathmore. Mr. and Mrs. Grimshaw having settled on a farm about five miles east of Strathmore fifty years ago.

Mrs. Lyons has carried on a successful Beauty Parlor for the past number of years.

She is survived by two sons Edgar and Clarence, her mother, two sisters, Mrs. Payne of Lyaitha and Mrs. Bill Laurie of Vancouver and

Women's Institutes Hold 27th Conference in Strathmore

Plans have been announced for the 27th annual conference of the Gleichen section of the Alberta Women's Institutes to be held in Strathmore on Tuesday June 8th. It is expected that Mrs. Earl E. Hutchinson District Director, and Mrs. E. E. Morton, Provincial President, will be present, and Miss Norma Jean Hogg has promised to

be present if at all possible.

It is hoped that Mrs. Morton will speak on her recent trip to Amsterdam.

Hostess group for the day will be the Berryvale W.I. The conference will be held in the Memorial Hall, and is to get started at 10 a.m.

Ball Tournament Rained Out

Strathmore's 24th of May baseball tournament was rained out about five thirty, half way through, the second game, Rockyford had won the first game, playing against Strathmore, by a score of 5-4, and Nightingale and Carseland had gotten only fairly well started when the cloudburst broke.

Crowds were not as large as had been hoped for, due in large measure to many farmers taking advantage of the fine weather. It was known, however, that many farmers had planned to stop work in time to get in for the third game.

No plans have been made to finish the tournament, and the prize money was split among the teams.

While there is opposition among wheat growers and grain handling companies in Australia to the international wheat agreement, it is expected that it will be ratified by the Australian parliament.

For Women Only**Helpful Hints**—Don't make the mistake of wearing a short slip with your longer dress, it's sure to spoil the "set" of the skirt.

A full gathered or gored skirt in solid-colored silk, linen or light weight wool teamed up with the blouse of your favorite, but now dated print dress, will give it a new lease of fashion for spring wear.

Store both crackers and cookies in airtight tins, jars or boxes. Don't keep them with bread as they will absorb the moisture and lose their crispness.

When bad weather keeps the children indoors, a simple cooking lesson will help pass the time. Even a very young child can frost Graham crackers for instance.

To soften stubborn grease that cakes on your oven, try leaving a shallow pan of household ammonia in the oven overnight. With a damp cloth the softened grease should come off easily.

When shoe laces lose their tips, as they are apt to do, make them last a little longer by twisting the ends and dipping them into clean nail polish. Let dry thoroughly then give them a second coat if necessary. Try the same thing on cord or heavy thread when stringing beads.

How to Shake Hands—Nowadays two boys or men may "shake" but girls and women when extending the hand of friendship expect just a "clasp." The modern trend is for girls to do less hand-shaking than formerly. If a girl wants to be particularly friendly when introduced she will offer to shake hands. It is entirely up to her. A boy is supposed to wait for the girl to indicate her preference in the regard.

When among people of your own age the safe rule is: If in doubt, put your hand out. The wise rule to follow when among older people is: Never extend your hand first. Give the older person the privilege of taking the lead.

"Pumping" or "squeezing" the hand is not considered good taste. A reasonably firm grasp is best, and one or two "pumps" according to the occasion. When shaking hands, too, don't overlook the pleasant smile that adds to the sincerity of the occasion.

Beauty Aids—The most practicable treatment for hair that has been split at the ends is to clip off the dry ends. In addition to doing away with the unattractive and unruly ends, it is well to give weekly treatments of oil to hair and scalp. Any good vegetable oil will prove beneficial. Pure olive oil is excellent. Simply make a part, apply the oil with a pad of cotton, then make another part an inch away and there apply the oil. Continue applying oil to the scalp until the entire head has been covered. Then saturate the ends with oil. A heavy Turkish towel wrung out in very hot water and wrapped turban-fashion around the head will help steam the oil over and through the hair. Repeat the hot towel application for 15 minutes, but let the oil remain on for at least one hour before shampooing the hair. It isn't necessary to keep the oil on overnight or all day, as no more benefit will be derived after the first hour. Naturally the oil will not be easy to wash off, so be sure to use soft water and a shampoo that lathers well. If possible the hair should be dried by hand.**Recipes—****Cream Puffs A La Rhubarb**½ cup water
¼ cup shortening
½ cup sifted all-purpose flour
¾ teaspoon salt
2 eggs, unbeaten

Bring water to boiling point, add shortening and melt. Sift together the flour and salt. Add all at once, stirring vigorously. Cook, stirring constantly, until mixture leaves sides of the pan. Remove from heat and cool. Add eggs, one at a time beating vigorously after each addition until mixture is smooth. Beat thoroughly for 1 minute. Drop heaping tablespoonsfuls on a greased baking sheet 2 inches apart. Bake in a hot oven 350 degrees F for 15 minutes. Do not open oven door during this period. Reduce heat to 275 degrees F and continue baking

for 30 minutes. Cool, cut small slice from top, fill cases with thick stewed rhubarb, garnish with creamy custard and replace top slice. Six servings.
Creamy Custard—¼ cup sugar
3 tablespoons cornstarch
¼ teaspoon salt2 cups milk
2 egg yolks
1 teaspoon vanilla
Few grains nutmeg

Combine sugar, cornstarch and salt. Heat milk to scalding point in top of double boiler. Add sugar mixture gradually, stirring constantly until mixture thickens. Continue cooking for 5 minutes. Beat egg yolks, add a little of the hot mixture, stirring constantly and cook for 1 minute. Remove from heat, add vanilla and nutmeg. Chill thoroughly. Beat custard with rotary beater before serving. Six servings.

Farm News

Produced by the Alberta Department of Agriculture

CROP CONDITIONS

Crop conditions in this area as reported by the Alberta Provincial Government's department of agriculture, for the period ending the 12th of May show: Soil moisture conditions are excellent. Seeding has started and will be general within the next few days. Considerable reduction in wheat acreage is anticipated with increases in sowings of coarse grains. An increase is noted in feed crop acreages, both legumes and grasses. Livestock population shows a slight reduction throughout, with the exception of cows milking. Sows to farrow are down very little compared with last year. Feed supplies are short and livestock in poor to fair condition only. Some losses of cows and calves have occurred.

Moisture in the Strathmore area since the first of April amounts to 2.45 inches, while normal is only 1.35, in the Strathmore area, and

around Gleichen, precipitation has amounted 3.64 inches, against a normal of 1.34.

DRUG FOR LACTATION

Barren cows and sterile heifers have been brought into milk in recent experiments at the Cambridge Agricultural Research Station, England. Average yields or up to 141 lb. of milk per week from 18 heifers have been obtained after treatment with stilboestrol. The drug is implanted in tablet form beneath the skin of the neck or shoulder of the animal under local anesthetic. The heifers came into milk from one to six weeks after implantation. At first the yields were low but they subsequently rose steadily for some weeks. The tablets were left for periods of between 60 and 110 days, but 70 days was found to be the optimum period. After reaching the peak of 141 lb. a gradual decline in yield took place

until the heifers were yielding about 75 lb. in the twenty-fifth week after lactation had begun. Subsequent to this induced lactation 70 per cent of the heifers got in calf normally. Sterile dry cows also have been treated with stilboestrol, but chances of success are not so good as with heifers.

DEHORN CALVES YOUNG

Dehorning cattle is an unpleasant job and the older the animal the harder it is both for the animal and the owner. But it can be done efficiently and with little discomfort if caustic potash is used on the calf within a few days of birth. A small quantity of caustic, either in paste or stick, applied to the horn button will do the trick without further attention. To prevent unnecessary spreading and burning of the skin, apply a little vaseline or grease around the out-bush of the area treated with caustic.

CONTROL GULLY EROSION

The spring run-off this year has caused serious erosion in many localities in southern Alberta. Some erosion takes place every spring to make us realize that precautions should be taken to control it.

On most farms there are drainageways that occasionally carry an excess of run-off water. Seeding down to grass is the most satisfactory way to prevent erosion of these natural drainageways. The farmer will be well repaid for doing a little preparatory work before doing the actual seeding.

To provide temporary protection against erosion a light broadcast seeding of grain is suggested. With this the grass is allowed to provide permanent protection. Brome is the best grass where it will grow satisfactorily but crested wheat grass will serve the purpose if available. About 10 to 12 pounds per acre. Broadcasting the seed is suggested because in drilling grass seed into the drainageways, usually, it parallels the draw and this encourages the formation of channels between the rows.

On the sub-stations where drainageways have been seeded to brome in the past heavy run-offs were carried this spring with scarcely any erosion.

DON'T SEED TOO DEEP

The federal department of agriculture has evidence to show that most farmers in the prairie provinces in Western Canada seed their grain at excessive depths. Deep seeding decreases yields. The favorable depth for seeding wheat, oats, barley and rye is from one to three inches. Flax should be sown at a shallower depth.

The use of the one-way disc with seed attachment is usually responsible for seeding too deeply. Frequent checking of the depth of seeding is essential. Adjustments should be made during the first few rounds to insure uniform and shallow penetration across the width of the machine.

WATCH OUT FOR DAMAGE

If insects or disease really get well developed in a garden there is liable to be heavy damage before control can take effect. To guard against this, experienced gardeners are always on the watch for signs of pests and at the first indication they open an offensive. These experts are suspicious when they see a wilted or curled or eaten leaf, even if the insects responsible for same are too small to be noticed by the naked eye.

Generally signs are easy to read and cures are readily available. Holes in the leaves mean that bugs that chew are present. These are destroyed with poisons. If the leaves wilt and dry up, sucking insects are extracting the plant juices. Sprays or dusts that burn them, but not the foliage, will control it. Leaves turn reddish or greish this usually indicates the presence of a fungus disease. It is common with climbing roses and hollyhocks especially during muggy weather. Finely ground sulphur and other chemicals will check it.

One can mix his own sprays or dusts but as a rule it is cheaper and also far more convenient to buy ready-mixed preparations. Many of these are combined to control several different types of pests, the newer DDT dusts and sprays

Rural Gleichen

Mr. and Mrs. R. P. Umbricht, who spent the winter in Banff, are back on their farm for the summer. Corp. Amy of the R.C.M.P. is a patient in the Belcher Hospital, Calgary.

Mrs. B. McMillan, who has been visiting in Calgary with her daughter, Mrs. C. Dunn, for several months, has returned to Gleichen and is visiting with her daughter and son-in-law, Mr. and Mrs. K. McPhee.

Mr. and Mrs. R. B. Hayes of Calgary have moved to their farm, four and a half miles north of Gleichen, for the summer.

Mrs. J. Wilson entertained in her home with a birthday party Monday in honor of their son Bobbie, a number of his pals. The children had a lot of fun playing games, after which a delicious lunch was enjoyed by all.

Mr. Jack Bell and son came home from General Hospital in Calgary on Thursday. Jack and Norma were glad to have them home.

Mrs. A. Dunham of Los Angeles, California, visited nieces Mrs. R. Brown and Mrs. A. Wilson recently. Frank Pobst from Seattle, Washington, was in town, calling on old friends last Thursday.

The Ladies Auxiliary to the Can-

adian Legion are sponsoring a tea and home cooking sale on Saturday, June 5.

Ruth Sammons had the misfortune to fall and dislocate her elbow at school last Thursday. Dr. Parquharson was in Calgary so Dr. Windsor set her elbow.

Buster Stott is very busy planting gardens with his garden plowing machine.

Mr. and Mrs. A. A. W. Young and family have moved into the Gifford residence.

N. A. Riddell has returned from Edmonton where he has been for 10 days.

Mrs. W. Ticknor of Calgary spent several days last week visiting her son-in-law, daughter and grandson, Mr. and Mrs. Mars Holinger and John.

Mrs. D. Sammons is ill in a Calgary hospital.

Among those in Calgary on business the past week were Mr. and Mrs. K. Sammons, Mr. George Bell, Mr. and Mrs. F. Sammons, Mrs. J. E. Holland, Dr. G. H. Fraughton, and Mr. and Mrs. S. Hill.

Bobbie Wilson went to Calgary Saturday to attend the Carnival.

Namaka Notes

by Mrs. E. B.

Mr. and Mrs. Nick Janzen are being congratulated on the birth of a baby daughter on May 10th in the General Hospital. Mr. and Mrs. Arthur Anderson of Calgary are holidaying with Mr. and Mrs. L. R. Aitkens, Ruth and Arthur spent two weeks in Vancouver and the States, where they visited many former residents of Namaka.

Mr. Ann Charleton, of Kelowna B.C., spent several days last week with Mr. and Mrs. H. Stettner and family.

Mr. and Mrs. C. Mackie and family spent Sunday visiting in Arrowwood.

Mr. and Mrs. Sam Anderson and three sons are the new residents on the W.I.D. property at Hammerhill. Welcome to Namaka.

Mr. and Mrs. Edwin Hansen and baby John are spending some time visiting with Mrs. N. Hansen and family after returning from University at Edmonton.

Mr. and Mrs. J. Lepp and family spent Sunday in Rosemary. Mr. and Mrs. Alex Montgomery of Calgary, Mr. and Mrs. E. Watson and baby of Cluny, Mr. and Mrs. Bill Watson and daughters of Rosebud and Mr. and Mrs. V. Watson and family were Sunday evening guests of Mr. and Mrs. Alex Peterson and family.

Mr. W. Cote and family of Carleton Place were Sunday visitors with Mr. and Mrs. F. Aitkens and family. Mr. and Mrs. L. R. Aitkens and Mr. and Mrs. Arthur Anderson visited with Mr. and Mrs. Wm. Beu of Balmire on Sunday.

Seeding in the district is progressing quite rapidly, despite the almost daily rains. It is estimated that 25% of the crop is now in.

Do You Know about these TRAVEL RATION REGULATIONS

● United States dollars allowed for pleasure travel are limited to \$150 per person for the 12 months between Nov. 15, 1947 and Nov. 15, 1948.

● A Form H Permit, obtained at any bank, is required by anyone taking out of Canada more than \$10 U.S., or more than a total of \$25 in Canadian and United States funds.

● Special allowances of United States funds for strictly business travel may be secured, but ... applications must be accompanied by certificates from employers.

● Applications for U.S. funds for travel for health or educational reasons must be made on special forms obtainable at banks.

Eastern Star Initiation Brings Large Crowd

Friday evening saw approximately 175 members of the Order of the Eastern Star gathered in the Masonic Hall for the Initiating Ceremony of the newly formed Sam Blair Chapter in Strathmore.

Two buses conveyed the members of the Mizpah and Acacia Chapters from Calgary and others motored from Hussar, Rockyford, Standard, Brooks, Gleichen and Okotoks.

Following the meeting the members from the visiting chapters were entertained at lunch. The tables were tastefully decorated and centred with large bouquets of tulips, narcissus and iris.

Several presentations were made by the Strathmore Chapter including a corsage or red roses and a cup and saucer to the Worthy Matron of the Mizpah Chapter, Calgary, who conducted the Ceremony of Initiation; a shaving set to Mr. Harry Crammey, W. G. P., and a corsage to the newly elected Worthy Matron, Mrs. S. C. Sorenson, of the new Chapter in Strath-

Lions Hear Rev. Hunt

Meeting at the Memorial Hall last Thursday the Lions Club heard one of their members, the Rev. S. H. Hunt, discourse on the book "Three Came Back." Mr. Hunt reminisced briefly about experiences in Strathmore and other charges before beginning his talk.

An excellent dinner was served by Messrs E. Buker, C. Mackie and J. A. Tench.

It was announced at the meeting that the Lions bid for catering at the baseball games had been accepted, and that a committee would be appointed to look after this feature. Volunteers were asked for to cater on the 24th of May.

Reports from two or three of the Sports Day committees were heard, more.

Gifts for the Sam Blair Chapter from the Mizpah and Acacia Chapters of Calgary, Mr. and Mrs. Chamney, and Mr. Knowlton, G.M., were accepted with sincere thanks.

Past and present officers of the Grand Chapter of Alberta present at the Ceremony included Mrs. Mabel Armitage, A.W.G.M., Miss Ella Isaac, A.G.S., Mrs. H. Harwood, P.G.M., Mrs. Grace Hughes, P.G.M., Mrs. Anna Bradley, G.C., Mrs. Elizabeth Richard, P.G.M., Mr. S. G. Hughes P.G.P., Mr. H. Harwood, P.G.P., all of Calgary and Mr. H. Chamney W.G.P., Chancellor; Mrs. Faye Knowlton G.M., Standard, Mrs. Helen McGee, P.G.M., Brooks; Mrs. Margaret Bell A.G.C., Hussar, Mr. E. A. Wagler, P.G.P., Standard.

P. M. Sauder Wins National Award for Dominion Service

P. M. Sauder, long a high official of irrigation districts in Southern Alberta, and presently manager of the Western Irrigation District, Strathmore, has been selected for the Julian C. Smith medal for "achievement in the development of Canada", according to an announcement made over the weekend by the Engineering Institute of Canada.

Mr. Sauder and P. L. Pratley of Montreal, who receives a similar medal, are to receive these awards next week at the annual meeting of the engineering institute in Banff.

In addition to his duties with the Western Irrigation District, Mr. Sauder is manager of the St. Mary Milk Rivers Development, an official trustee of the Lethbridge Northern Irrigation District, both of which operate from and about Lethbridge.

Mr. Sauder was born near Preston, Ontario. He attended the University of Toronto and in 1904 graduated with a diploma in mechanical and electrical engineering. He received a commission as a Dominion land surveyor in 1916 and passed an examination for Alberta land surveyor in 1917.

In 1904 he joined the staff of the irrigation branch of the Dominion department of the interior. In 1905-06 he was assistant engineer on contour survey in Southern Alberta, from 1906-09 as inspection engineer.

and from 1909-20 as chief hydro-metric engineer in charge of hydro-metric surveys of Alberta and Saskatchewan. During this period he also acted as commissioner of irrigation in the temporary absence of the commissioner.

In 1920 he joined the staff of the Lethbridge Northern Irrigation District and served for three years as division engineer in charge of location. He was also in charge of design and construction of the works in the eastern portion of the project. Later, he was assistant project manager in charge of malices, and repairs of the works, and from 1924-40 he was project manager and district engineer in full charge of the operation and maintenance of the work of the project.

From 1940-44 he was director or water resources for Alberta. He was also a member of the provincial irrigation council. In 1944 he was appointed general manager, Western Irrigation District, Strathmore, Alberta, which position he still holds. During 1914 he was employed on a part-time basis by the Alberta government as a member of the newly created Alberta fire commission.

Local News Items

Miss Myrtle Morton flew home on Saturday to spend the holiday with her parents.

Mr. Lester Jones went to Calgary on Friday for an x-ray on his ankle, which is still bothering him greatly.

Mr. and Mrs. W. McNallie of Calgary spent a few days visiting with Mr. and Mrs. A. Morton before leaving to make their home in California.

Nightingale

by Mrs. F. H.

The Woman's Institute held their regular meeting at the hall last Friday. The roll call was an illustrated event in Canadian history, and some very appropriate illustrations were shown.

The quilt was set up and the ladies sewed steadily all afternoon.

Mrs. Lee Kinney was elected delegate to the Constituency Conference being held in Strathmore June 8th.

At the conclusion of local business which included a \$10 donation to the Salvation Army.

Mrs. Harley Harriman read a detailed report of the Lethbridge Conference, written by Mrs. Agnes Snider, our constituency convenor.

Miss Ruth Deans and Mrs. Thor Larson were hostesses for the day and because they had to leave early Mrs. Art Kinnmett and Mrs. Larson Sr., served a delicious tea at the end of a pleasant afternoon.

Miss Ruth Deans spent the long weekend visiting with friends at Hanna.

Mrs. Thor Larson visited with her parents in Calgary over the weekend.

Mr. and Mrs. Farr Sr. visited with their children at the store for a few days last week.

Mrs. Wallace Miller and baby Carolyn are spending a few weeks with her parents, Mr. and Mrs. F. Harriman.

Mr. and Mrs. Thurston Sr. came down on Monday for a visit at the farm. They report the birth of a grandson to Mr. and Mrs. George Thurston in Trinidad.

Mr. and Mrs. W. J. Harper and children of Whiskey Gap, Alta., and Mrs. Harper's mother are visiting with the Jukes and Slonaker families. Mrs. Harper was formerly Miss Effie Slonaker.

Mr. and Mrs. Norman Bragg on Standard and Mr. and Mrs. Weldon Harriman and Ian were visitors on Monday at the Harriman home.

One by one our Nightingale bachelors are changing their state of single blessedness. C. B. Gladue is the latest to do so. He will be married next Saturday, and all join in wishing the couple every happiness.

UNDER THE STREETLAMP

Scene in a Calgary hotel. Bell-hop (answering after two hours): "Did you ring, sir?" Jimmy Gannon: "No, I was telling. I thought you were dead."

An intoxicated chap may not be the centre of the universe, says Charlie Bennett, but he feels that everything revolves around him.

Norman Jones: "Is there a simple remedy for sleeplessness?" Doctor Giffen: "Yes, one need only count up to a hundred." Norman: "Sounds very good, but our baby can't count up to 100."

Bob Gray tells of the Scotchman who went to a seance to talk to his dead uncle and tried to reverse the charges.

He was being sued in the Divorce Court, and an important allegation under the cruelty clause made by his wife was that he had not spoken to her for three years.

"Is it really a fact," asked the judge, "that you have not spoken to your wife for three years?" The husband admitted that such was the case.

"But why, why haven't you spoken to her?"

on to her all this long time?" persisted his lordship. And the husband replied quietly, "I didn't like to interrupt."

Jane Bisacre: "Before we were married, you promised never to look at another woman."

Frank Bisacre: "Yeah, but that was a campaign promise."

A guide conducting a visitor round the Killarney district: The visitor had been smoking continually and making jokes at the expense of the guide. The Irishman wished to "get his own back," and he remarked caustically: "You are a heavy smoker, sir." "Yes," replied the other, "I am so fond of smoking that I have made a very curious provision in my will." "What is the provision," asked the guide. "The provision is that when I die a supply of cigarettes be left in my coffin." "Well," retorted the guide, "you won't have far to go for a light."

A visiting minister was asked to pray for rain, and his prayer was that such a downpour that crops were injured. Said John Davis to Ted Stoodley, "This comes of trustin' such are request as a minister who ain't acquainted with agriculture."

Langdon Notes

by G. E. W.

At a well attended H. and S. meeting held in the school on May 14, Mr. Wilson, Supt. of School Div. 41 and Mr. Akens, chairman of the school board, were speakers for the evening. They explained the plans of the building program that is to take place here in Langdon after the present school term. The Langdon H. and S. is highly in favor of a Health Clinic sponsored by the Municipality.

Refreshments were served. Mr. and Mrs. A. Bishop were congratulated on the birth of a baby son, in the General Hospital, both doing well.

Mrs. Nicholson and Clara were in town on Tuesday.

The convent report was given by the delegate at the regular H. and S. meeting held on the 18th. The Annual meeting of the H. and S. will be held on Tuesday evening June 1st. Arrangements for the school picnic will be made at that meeting.

After 6 weeks the W. I. held their meeting in the hall on Friday afternoon when twelve members were present. 45 lbs. of used clothing, 2 parcels of soap and 1 parcel of food have been sent overseas since the last meeting.

All members are busy with their handicraft articles trying to get them finished in time for the next meeting and Conference, June 8th. Two contests were enjoyed during the afternoon which were arranged by Mrs. Jesse and Mrs. Kernaghan. A tasty lunch was served by the hostesses, Mrs. B. Thomas and Mrs. Negrich. Roll call was "a one dish meal."

Mr. and Mrs. Frank Thomas are being congratulated on the birth of a baby son, in the General Hospital on May 26th, both doing well.

Stuart Whitney is spending the holiday weekend in Calgary.

The rain of Friday evening has made the roads in bad shape again. It is necessary to cancel some holiday plans.

Chancellor Notes

by Mrs. J. M. W.

Rex Gregory started seedling wheat Monday morning reporting that the ground is plenty wet and he cannot use packers.

We are glad to see Mr. A. Heig back home. He is still on crutches and hopes to have the cast off his leg soon.

Mr. Charles Gill of Winnipeg is visiting his aunt, Mrs. Wesley Peterson.

Terry Leishman got a nasty cut over the eye when he was accidentally hit with a baseball but while the children were playing.

NOTICE

Public notice is hereby given that from three o'clock p.m. to four o'clock p.m. on Saturday the fifth day of June, 1948, at the Municipal Office, Strathmore, nominations for the office of Councillor for Electoral District No. 5, of the Municipal District of Bow Valley No. 40, will be received.

W. E. Thompson,
Returning Officer.

As required by the Income War Tax Act, this will advise our customers, as referred to in the said Act, as amended, that in accordance with the terms and conditions and within the times and limitations contained in the said Act, as amended, it is our intention to pay a dividend in proportion to the 1946-49 patronage in respect of wheat, oats, barley, flax and rye delivered by our customers to our country elevators, out of the revenues of the 1949 taxation year, or out of such other funds as may be permitted by the said Act, and we hereby hold out the prospect of the payment of a patronage dividend to you accordingly.

Who Does Your Printing?

All business houses need more or less printed matter, all of which is within the possibilities of the local printer. Yet how prone many are to pass up the home printer and let the orders go to city offices which have no interest whatever in rural communities except to get printing orders and the cash to pay for them.

Business men, remember that the home paper is constantly promoting the interests of the home community and you owe it to yourself and your local paper to back up these efforts by at least having your printed matter done locally.

When In Need of Printed Matter Consult

Bow Valley School Division

Mr. E. I. Norton of Arrowwood, who has represented subdivision No. 5 on the Board of Trustees of the Bow Valley School Division, has found it necessary to submit his resignation due to the fact he has recently moved away and taken up residence in another division. By resolution of the Divisional Board, nominations for trustee to represent this subdivision will be received by the Divisional Secretary, Mr. A. E. Scaife, up until Saturday, June 12th, 1948. Elections will be held at a later date if more than one nomination is received. The candidate elected will complete Mr. Norton's unexpired term — the regular term of office being a three-year period.

The Teachers Salary Negotiating Committee met the Board at its last regular meeting. A minimum of \$1500 was requested by the teachers. No final decision was made. It was suggested that the matter be discussed further at the next meeting with a view to connecting the salary schedule in some manner to the cost of living index.

The Board decided to give some consideration to an allowance in lieu of transportation, to be paid to those parents on van routes who provided transportation for their own children during the period vans were unable to operate due to extreme road conditions, or who were forced to obtain living accommodation near the school at considerable expense to themselves. Directions for applying for this allowance are contained in a circular now being forwarded through the schools.

Local News Items

Holidayers at Banff over the weekend included Mr. and Mrs. Keith Baldwin, Mr. and Mrs. Gerald Baldwin, Mr. and Mrs. Rodger and Mr. and Mrs. Don Kennedy.

Misses Betty and Jean McMurray spent the holiday weekend at home.

Mr. and Mrs. Fred Harvey and family of Red Deer were recent visitors of Mr. and Mrs. Chas. Harvey.

Malcolm MacKenzie has severed his connection with CFCN after being with that firm for the past eight years.

Word has been received locally that the 68th LAA Regiment, of which Strathmore forms one troop, plans to conduct a deployment on Sunday, June 20th, in this area.

Miss Rose Blair received word on Wednesday of the passing of her father in Calgary. Mr. Blair had suffered a stroke a week ago, but was thought to be well on the road to recovery when news of his demise came.

Mr. Blaine Chapman is again this year winner of the Shenley Challenge Cup for baritone, it was announced at the musical festival held last weekend in Calgary. Mr. Chapman also held the cup last year. Mrs. Florence Gillespie took high marks in the class for composition.

What might have proved a serious accident was fortunately avoided by quick action Monday afternoon when the wires of the Fonger car became ignited as Mr.

Hussar Notes

by Mrs. M. C. B.

The first seeding of wheat was done in this community on Monday, the 17th, south of the Village, Mr. Paul Hulen started, but found it difficult going. Northwest of the Village Mr. Herb Crory started up, and had fair success. North of the Village Mr. C. T. Armstrong seeded several hill tops; by working on the hill tops he was able to get quite a few acres sown. It is a beginning, and several other farmers will be at it in full force a couple of days. Many have been in for last minute repairs, before starting up.

On Tuesday evening, the citizens of Hussar gathered in the community hall to do honor to Mr. and Mrs. Douglas Brown, who had been married recently. The committee consisted of Messrs. H. L. Moulton, H. Buckenhardt and C. P. English, assisted by Messrs. Gabert and Juras. Mr. J. Janz was chairman of the evening. The program consisted of stanzas; the lucky winners being Don Brown and Armand Rouzeau; Mrs. E. F. Blake and Mr. T. Burdett; Mr. Don Brown; Mrs. J. Briton. Then dancing began with Mrs. Hans Buckenhardt, Mr. Bert Moulton and Mr. Armand Rouzeau. A delicious luncheon was served. All prizes and lunch were donated for the occasion. The young couple was presented with a chest of drawers, and a silver purse, with the best wishes of their many friends, by Mr. Jazs. Don and his wife are living on the farm near Hussar.

and Mrs. Fonger were driving home. Prompt action soon overcame the trouble, but not before both sustained minor burns.

Miss Evelyn MacKenzie of Calgary arrived on Thursday. Miss MacKenzie is a new member of the staff at the King Edward Grill.

Mr. Ed Hamilton returned on Tuesday from High River, where he spent the long weekend.

Hot weather brought ice to the housewives early this week, when Percy Wright started deliveries for the season.

Rev. D. A. Ford spent part of the weekend at Millarville, looking over the summer camp there, and making plans for the summer's program.

Mrs. Anne Bremner has been assisting at the Western Department Store recently.

Rev. A. A. Hamilton and Rev. Cowan of Rockyford attended the Alberta Conference of the United Church this week in Edmonton, leaving Tuesday. Mr. Duncan McMurray was by delegate from Strathmore, arriving in Edmonton Wednesday morning for the sessions.

News From the Wheat Pool

POOL RESERVE PURCHASE

The Alberta Wheat Pool has mailed cheques to a value of \$602,801.84, covering the purchase of Pool reserves from the estates of deceased Pool members and also from farmer members who attained the age of 75 years as at December 31, 1947.

In recent months the Alberta Pool has also redeemed reserves to the value of \$80,781.39 from members who had passed their 65th birthday on December 31, 1947, and who had ceased to have any interest in grain producing land.

The total payment in redeeming all categories of reserves during the current year was \$683,583.23. The reserves thus redeemed were contributed by the membership between the years 1923 and 1928.

Reserves are purchased on one hundred cents on the dollar. They will be re-issued in the form of patronage dividends to patrons of Alberta Pool Elevators.

Coarse Grains Adjustment Payment

The Alberta Wheat Pool mailed cheques totalling approximately \$530,000 to farmers who delivered oats and barley between August 1 and October 21, 1947. The payment was 14 7/8c a bushel on barley and 10 5/8c on oats.

From August 1 to October 21 of last year the federal government maintained ceiling prices of 65c a bushel for oats and 82c a bushel for barley, basis Fort William. Farmers who delivered those grains in that period had to accept those prices. On October 21st the ceilings were removed and prices advanced sharply, creating an unfair situation, to those who delivered oats and barley earlier.

This matter was discussed at the annual meeting of the Alberta Wheat Pool held last November, and a decision was reached to refund excess earnings on the volume of oats and barley delivered prior to October 21st to the farmers who had made such deliveries.

GRAIN PRODUCERS CAN INCREASE THEIR POOL RESERVE HOLDINGS BY PATRONIZING ALBERTA POOL ELEVATORS.

ALBERTA POOL RESERVES ARE VALUABLE PROPERTY.

MAKE THIS YEAR A "POOL ELEVATOR YEAR"
